Port Details

Princess ships generally berth at Pier 27. On days when multiple ships are in port, Pier 35 may be assigned. The port of San Francisco is located along the Embarcadero waterfront. Passengers will enter from the Embarcadero into a small lobby where soft security checks will take place. Passengers will be required to present a government-issued photo ID and cruise travel documents.

Due to heightened security measures, taxis and private vehicles are not permitted to enter Pier 27 Cruise Terminal, nor will they be permitted to wait by the curb unless they are actively in the process of loading or unloading passengers. Private motorcoaches may be permitted if space in the terminal is available, however, they must provide their security details to the Princess Ground Handler forty-eight hours prior to sailing date.

Luggage Handling

Prior to arriving at the pier, please ensure that all Princess luggage tags are attached (additional Princess luggage tags may be obtained at the pier). This is in addition to your personal identification tag.

Curbside porters are available at the pier to take luggage to the vessel for delivery by shipboard personnel to your stateroom. It is customary to tip porters for their service. Please be advised that curbside porters are not employees of Princess Cruises. You are responsible for your belongings at all times. For security reasons, we remind you to keep your hand luggage, including laptops, cameras, any medications, all travel documentation (passports, visas, etc.) and other valuables in your possession at all times.
